ABOUT INSTITUTE

Shree Institute of Technology was founded in 2005. To create awareness and empowering opportunities for underprivileged as the motto. The learning space is equipped with new age technology, well trained faculty and inspiring atmosphere in creating a wide range of possibilities to grow.

Our main objective is to increase the number of successful candidates to set up their own business and create employment for their sustainable future. Imparting knowledge of skills in wide range of technical sectors ranging from data entry operations, front office executive, electrician and iti fitter, beautician training and self employment training. Nevertheless we are continuously expanding and adding more courses to our curriculum. Adding workforce, to our nation has been our consistent mission.
